The police sketch of Maurice Bishop that was made w/help of Gaeton Fonzi is a dead ringer for Leroy Fletcher Prouty. It is not David Phillips -

Jack Catanco, retired NYC policeman, was a young Marine in the Marine Barracks at 8th & Eye Str. He was in Marines from 58 to 62 - Guarded Eisenhower at Camp David - Worked for JFK for a year.

Gaetano Fanzi was a name I couldn't catch-up with to fit on the Bay of Pigs list & I gathered that Prouty was either with them or was there. There was more but I couldn't get all of it & don't remember it.
